Welcome to the March 2011 edition of our CorasWorks newsletter. It may only be Spring in the U.S., but our sources tell us that SharePoint 2010 is in full bloom, which is great news for CorasWorks. We're seeing tremendous interest in our 2010 apps, and more and more of our customers are deploying CorasWorks on 2010. Read more below.

News

Rapid Adoption of Cim 2.0 - Check out our [press release](#) about the rapid adoption of Cim 2.0 on the Microsoft SharePoint 2010 platform.

Product Innovation with CorasWorks - In case you missed it, we held a webcast on using CorasWorks Cim 2.0 to give you a competitive edge and drive business growth with new product development. [Watch the archived webcast here.](#)

Customers and Partners Only! Did you miss our webcast on the power of CorasWorks v11? We recorded it so if you're interested in seeing how you can leverage the advanced features of v11 within your SharePoint environment, let us know. For a link to the recording, email your CorasWorks Account Rep or send an email to Sales@CorasWorks.net

Blogs

[New Cim v2.0 Jump Start Enablement Approach Accelerates Innovation on SP2010](#) - In this blog post, William writes how CorasWorks recently implemented its new Jump Start Enablement model to get Cim v2.0 up and running in eight days at UCB, a \$5b bio-pharmaceutical located in Belgium. [Read more.](#)

[How Cim v2.0 Communities Drive Enhanced Effectiveness of Social Collaboration on SharePoint 2010](#) - This post is an analysis of how the Cim 2.0 communities not only enable organizational effectiveness, but also directly drive business results through collaboration. [Read more.](#)

[Drive tangible results when Social Activity is "In-the-flow" of Business](#) - William references social software/Enterprise 2.0 experts on the importance of putting social activity into the flow of business, and then writes about how enterprise businesses can drive results through the social capabilities of CorasWorks software and solutions. [Read more.](#)
